TO BE INCLUDED IN ALL JOB DESCRIPTIONS

Generic Tasks:

The types of tasks identified below are examples of “generic tasks” which can be performed by employees in all classifications. This listing of generic tasks is not intended to be all inclusive or limiting but rather to focus on the common nature of the task and its simplicity.

- Move or retrieve tools, materials, equipment and supplies on site excluding regular deliveries from Receiving.
- Perform routine maintenance tasks such as, but not limited to, replace task light bulbs, remove trash, clean or replace filters, routine inspection and cleaning, top off fluid levels. Maintain cleanliness of equipment to assure proper operation in conformance to specifications.
- Perform housekeeping in work area.

The parties have tentatively agreed to the above modification to the 2008 - 2011 labor agreement.
