Our show has become a tradition in the area, and each show has been more successful than the one before it. This year's event will be held on September 19, 2009 at Hagan Park in Rancho Cordova. We will be on grass, in a scenic area with trees, park benches, and picnic tables. The show will be in partnership with the RC Parks and Recreation Department.

Your contribution of time, raffle gifts, and/or money, helps us provide guide dogs **free of charge** to blind individuals. With the gift of a guide dog, these men and women are better able to pursue their goals, fulfill their dreams, and participate in their communities. Guide dogs not only provide the gift of increased independence, confidence, and mobility, but they also act as a trusted companion providing new opportunities for social interaction. Help make a difference in the life of a blind individual in the form of a loving, four pawed partner today.

Why Give? Guide Dogs of America is a nonprofit organization (GDA Federal ID # 95-1586088) that is supported by the generosity of individuals, foundations, corporations, and other organizations in our mission to provide loyal and loving guide dogs free of charge to blind and visually impaired individuals.

With over 90% of all the funds we receive going directly to program services, you know your money is well spent. We **do not** receive any funding from local, state, or federal government.

The cost to provide one guide dog to a new blind partner is about \$40,000.00. With the generosity of people such as yourself, we have been able to deliver over 2,000 dogs, free of charge to the recipient. Your gifts help us fulfill our mission and reflect your own personal desire to help others live more independently with the loving partnership of a guide dog.

What Your Gift helps Provide

Every gift, no matter the amount, is greatly appreciated and helps us continue our important services to the blind community. Below is a list that shows some of the Program Costs that GDA faces regularly so that you can see ways your gift helps.
